Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claim 1 is rejected under 35 U.S.C. 102(b) as being anticipated by Owens (5608970).

Owens disclose a truss assembly having a frame (37) with a plurality of elongate panels, and at least one stop member (1&3).

3. Claim 1-2, 8, and 9 are rejected under 35 U.S.C. 102(b) as being anticipated by Shibata (6105951).

Shibata discloses a truss assembly having a frame (1a) with a plurality of elongate panels, and at least one stop member (21) with a wedge shape body (32) and a recess (25a).

Allowable Subject Matter

4. Claims 10-18 are allowed.
5. Claims 3-7 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Response to Arguments

6. **Applicant's arguments filed 6/27/05 have been fully considered but they are not persuasive.**

7. **Applicant has amended the claim 1 to recite a function which is believe to place the application inconditions for allowance.**

a. The prior art is also capable of lateral movement away from the side walls. In the Owen patent note figures 2 and 5 show how the element has lateral movement away from the walls. Shibita shows in figure 2 how if the element 22bb is rotated then element 23b will pull away laterally from the side walls.

Conclusion

8. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
